Global PU Foam Experts

Your Worldwide Source for  
**Mattress and Pillow** Solutions

## ABOUT US

At Foam Villa, we are dedicated to offering a wide-ranging selection of PU foam solutions meticulously crafted to meet the diverse needs of our clientele. Our extensive catalogue includes flexible foam, molded foam, coir products, and specialty items, catering to various industries and applications. Backed by a robust global network of PU industry professionals, manufacturers, consultants, and suppliers, along with a dynamic team possessing profound industry knowledge, we provide comprehensive solutions across every aspect of the Polyurethane Foam business. Whether you seek premium raw materials, precise formulations, or finished foam and allied products, we facilitate seamless access to merchandise that aligns with your requirements and budget constraints, ensuring a convenient and profitable experience for our customers. **Our Vision:** At Foam Villa, we envision creating seamless global connections by providing top-notch products across various categories. Our vision is to be the go-to choice for customers seeking reliability, innovation, and unparalleled product and service when it comes to “**Polyurethane Foam Domain**”. **Our Mission:** Our mission is to exceed customer expectations by offering a curated selection of products that blend quality, functionality, and affordability. We strive to foster lasting relationships with our clients, suppliers, and partners through transparent and ethical business practices.

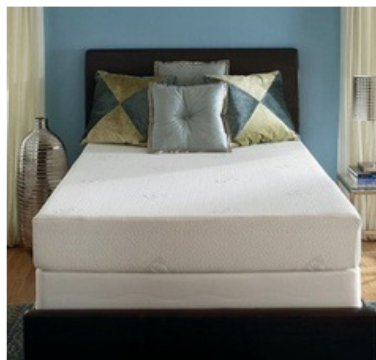

### What Sets Us Apart:

**Diverse Product Range:** Our diverse range of PU foam and allied products encompasses a wide array of solutions tailored to meet a spectrum of needs and applications. **Global Network:** Over the years, we've cultivated invaluable insights, comprehended diverse market requirements, and established robust networks within the industry. **Customer-Centric Approach:** Our customer-centric approach lies at the heart of everything we do. We prioritize the needs, preferences, and satisfaction of our customers in every aspect of our business operations. **Transparent and Ethical Practices:** We adhere to ethical standards and principles in every decision and action, prioritizing fairness, respect, and responsibility in our relationships with customers, partners, employees, and the communities we serve. **Expert Consultancy:** With a team of seasoned professionals possessing extensive industry knowledge and experience, we provide invaluable insights and recommendations to help clients achieve their goals and navigate dynamic market landscapes effectively. **Innovation and Adaptability:** Innovation and adaptability are the cornerstones of our approach. We embrace a culture of continuous improvement and creativity, constantly seeking new ideas and solutions to meet evolving needs and challenges.

## MATTRESS RANGE

Discover our diverse selection of mattresses tailored to accommodate a wide array of preferences, featuring a variety of materials and innovative technologies. Crafted with meticulous attention to detail, our mattresses ensure optimal comfort, sturdy support, and outstanding durability. With each mattress offering unique benefits, our range provides versatility, allowing customers to find the perfect fit for their specific requirements.

Our offerings encompass a comprehensive range of mattress types, including foam, coir, EP (Engineered Polymer), latex, spring, sandwich, hospital-grade, foldable, and mattress in a box options.

**Latex Foam Mattress**

**Coir Mattress**

**Mattress in a Box**

**Memory Foam Mattress**

**Spring Mattress**

## FOAM MATTRESS RANGE

### SINGLE LAYER FOAM MATTRESS

**Product Code:-** FV-Mattress-SLFM

Meticulously crafted for precision, simplicity and comfort. This mattress features a sole layer of a quality foam, providing essential comfort and support.

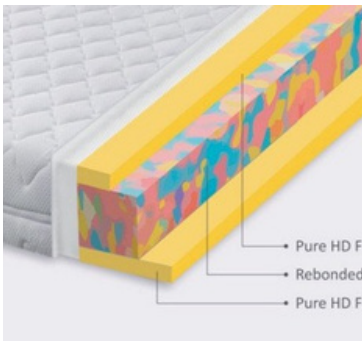

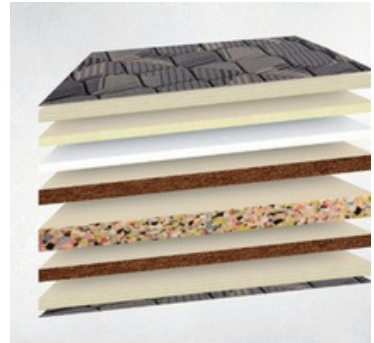

We offer an extensive array of foam and fabric options to cater to specific customer and industry requirements. This diverse selection allows our customers to tailor their mattress choices to meet both their unique preferences and budget constraints.

### SANDWICH FOAM MATTRESS

**ProductCode:-** FV-Mattress-SFM

Experience the superior quality of our sandwich foam mattresses, meticulously crafted through the fusion of premium foam grades such as Memory Foam, HR Foam, Soft Foam, Rebounded Foam, and others.

Each mattress is intricately designed, incorporating a diverse range of foams with unique characteristics, including variations in density, durability, support, and comfort levels. This careful amalgamation culminates in a delightful blend that guarantees a night of restful and rejuvenating sleep.

### REBOUNDED FOAM MATTRESS

**Product Code:-** FV-Mattress-RFM

Introducing a sleep solution of exceptional density, meticulously crafted with rebounded foam as the core material. Derived from fresh foam scrap, these mattresses not only offer an economical choice but also cater to orthopedic needs, combining affordability, durability, and essential support.

To enhance the aesthetic appeal, our mattresses come with a variety of fabric and quilting options, ensuring a personalized touch that aligns with each customer's specific preferences.

## LATEX FOAMMATTRESS

**Product Code:-** FV-Mattress-LFM

Our latex foam mattresses are meticulously crafted using latex foam as the primary material. These flexible foams boast a high open-cell structure and exceptional bounce-back properties, closely resembling the characteristics of traditional natural latex mattresses. In comparison to conventional latex mattresses, our mattresses stand out for their enhanced durability, economic value, and the ability to deliver comparable comfort, resilience, and support.

## CNC PROCESSED MATTRESS

**Product Code:-** FV-Mattress-CNC

Our mattress range, processed through CNC technology, features CNC-designed foam as the core material, guaranteeing precision in both design and production. We are dedicated to maintaining the utmost standards in quality, comfort, and support, with each mattress meticulously crafted with attention to detail.

Offered in a varied selection of shapes and sizes, each mattress is tailored to meet the specific requirements of our customers.

## MEMORY FOAMMATTRESS

**Product Code:-** FV-Mattress-MFM

An innovation in comfort. Crafted with precision, this mattress features viscoelastic foam, designed to contour to your body's shape for a personalized and plush sleep experience. Visco Foam is ideal for body contact products, ensuring even pressure distribution, improved blood flow, and significantly reducing the risk of pressure sores.

Overall, memory foam mattresses offer exceptional comfort, support, and longevity, making them a popular choice among sleepers seeking a restful and rejuvenating night's sleep.

## COIR MATTRESS RANGE

### COIR MATTRESS

**Product Code:-** FV-Mattress-CM

Artfully constructed with natural coir fibers and latex, available in various density options, our mattresses are designed to cater to specific customer comfort preferences. This meticulously crafted combination ensures a harmonious blend, striking the perfect balance between firm support and plush comfort. Experience the natural synergy of coir and latex, tailored to provide a restful and comfortable sleep experience that aligns with individual needs.

### SANDWICH COIR MATTRESS

**Product Code:-** FV-Mattress- SCM

Presenting our customizable Coir Sandwich mattress, intricately crafted with layers of foam and coir. This unique layering technique seamlessly blends support and comfort, providing a tailored sleep solution that accommodates a diverse range of preferences.

Globally renowned, our Coir mattresses are celebrated for their natural composition and exceptional back support properties. Experience the perfect harmony of comfort and support with our acclaimed Coir mattresses.

### BACK SUPPORT COIR MATTRESS

**Product Code:-** FV-Mattress- BSCM

Introducing our specially crafted High-Density Rubberized Coir Mattresses, meticulously designed to offer clients superior back support through a natural product combination during sleep. These mattresses provide a natural, breathable, and flexible sleep surface, ensuring resilience for a comfortable and rejuvenating night's rest. Experience the perfect blend of support and natural comfort with our thoughtfully designed mattresses.

A back support mattress is ideal for anyone looking to alleviate back pain, improve posture, or prevent discomfort while sleeping.

## LATEX & EP MATTRESS RANGE

### LATEX MATTRESS

**Product Code:-** FV-Mattress-LM A natural latex mattress is crafted from latex derived from the sap of rubber trees. Known for its elasticity, durability, and hypoallergenic properties, natural latex mattresses offer a comfortable and supportive sleep surface. These mattresses are often appreciated for their ability to provide pressure relief, temperature regulation, and a sustainable, eco-friendly design.

Latex mattresses offer a combination of comfort, support, durability, and hypoallergenic properties, making them an excellent choice for a wide range of sleepers seeking a high-quality and eco-friendly sleep surface.

### EP FOAM MATTRESS

**Product Code:-** FV-Mattress- EPDM

The Expanded Polyethylene Foam Mattress is positioned as the most budget-friendly choice in our product range. While the use of EP foam as the mattress base offers cost-effectiveness, it comes with trade-offs in terms of comfort and resilience compared to flexible foams with bounce-back properties. Additionally, these mattresses may have lower durability and a shorter lifespan when compared to flexible foam mattresses.

### HDPE FOAM MATTRESS

**Product Code:-** FV-Mattress-HDPEM

High-Density Polyethylene Foam mattresses, manufactured from high-density polyethylene foam sheets, boast an extended lifespan compared to standard EP foam mattresses. While excelling in providing robust back support, these mattresses may exhibit lower comfort and durability due to their closed-cell structure when compared to flexible foams.

## SPRING MATTRESS RANGE

### POCKET SPRING MATTRESS

**Product Code:- FV-Mattress-PSM**

Crafted with precision, pocket spring mattress features individual coil springs encased in fabric pockets, allowing each spring to function independently and conform to the sleeper's body contours. These mattress's targeted support enhances comfort, alleviating pressure points and contributing to overall sleep quality. The open structure ensures optimal air circulation, regulating temperature and preventing overheating. With its durable individual coil encasement, the pocket spring mattress is a long-lasting investment for a peaceful night's sleep.

### BONNEL SPRING MATTRESS

**Product Code:- FV-Mattress-BSM**

The Bonnel spring mattress, featuring an interconnected coil system, offers reliable support and durability. Its firm surface promotes proper spinal alignment, reducing the risk of back pain, and is cost-effective for various budgets. The mattress's responsiveness to body movements ensures a supportive feel, adapting to different sleeping positions. The open spring structure allows for good air circulation, preventing heat buildup and creating a cooler sleeping environment.

### SEMI FOLDABLE MATTRESS

**Product Code:-FV-Mattress-SFM**

A semi-foldable mattress is specifically crafted with partial folding capabilities, offering practicality and adaptability for storage and transport. Featuring a flexible design that allows for partial folding, these mattresses are particularly suitable for scenarios that demand space-saving solutions, including guest rooms, camping, or compact living spaces. The semi-foldable design strikes a balance between portability and comfort, making it a sensible option for a range of situations where a fully foldable mattress may not be necessary.

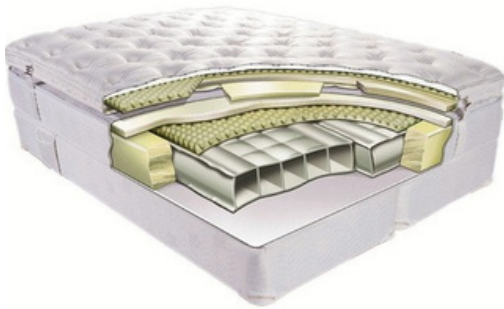

## MATTRESS BY CHOICE

### MOULDED FOAM MATTRESS

**ProductCode:-** FV-Mattress-MF

A moulded foam mattress is crafted using a specialized manufacturing process that involves moulding foam into a specific shape or contour. This method allows for the creation of mattresses with tailored designs to meet various comfort and support requirements.

This type of mattress is known for its durability and resilience. The molding process ensures a consistent and uniform structure, contributing to the mattress's longevity.

### HYBRID MATTRESS

**ProductCode:-** FV-Mattress-HM

A hybrid mattress combines multiple materials, typically memory foam or latex with innerspring coils, to provide a balanced sleep experience. This design aims to merge the benefits of different materials, offering the support and bounce of innerspring coils along with the contouring comfort of memory foam or latex. Hybrid mattresses often cater to a variety of sleep preferences, providing a blend of support, pressure relief, and temperature regulation.

### TRAVELER MATTRESS

**ProductCode:-** FV-Mattress-TM Our traveler mattress is a portable and compact bedding solution designed for those on the go. Ideal for travelers, campers, or individuals in need of a convenient sleep option outside their usual environment, these mattresses are often lightweight and easily foldable or rollable for easy transportation. Traveler mattresses come in various sizes and materials, providing a comfortable sleep surface that can be set up quickly and efficiently wherever needed.

## MATTRESS BY APPLICATION

### **BABY MATTRESS**

**Product Code:-** FV-Mattress- BM

Our baby mattresses are meticulously crafted for infants and young children, ensuring a secure and comfortable sleep surface. These mattresses boast features such as waterproof and breathable covers, facilitating easy cleaning and fostering a healthy sleep environment. Available in various sizes, they are tailored to fit standard cribs, bassinets, or toddler beds, addressing the specific needs and safety requirements of young children.

---

### **HOSPITAL MATTRESS**

**Product Code:-** FV-Mattress-HM

Our hospital mattresses are specifically designed to meet the unique requirements of healthcare settings, prioritizing patient comfort and medical needs. These mattresses often come with features such as pressure redistribution to prevent bedsores, waterproof and antimicrobial covers for infection control, and easy cleanability to maintain a sanitary environment. Hospital mattresses are available in various types, including foam, innerspring, and air mattresses, catering to different patient preferences.

### **MATTRESS IN A BOX**

**Product Code:-** FV-Mattress-MB

Convenient and innovative bedding solution that is compressed, rolled, and vacuum-sealed for efficient shipping and storage. Made of foam or a hybrid of materials, these mattresses are compressed to fit into a compact box for easy transport and delivery. Once the mattress is unboxed, it expands to its full size over a short period, allowing for quick setup. Mattresses in a box are popular for their hassle-free delivery, accessibility, and suitability for various sleeping preferences.

## PILLOW AND CUSHIONS

Explore our Pillow and Cushion range for a diverse selection of Moulded Foam, Memory Foam, Flexible Foam, and Fiber Pillows and Cushions. At Foam Villa, we are your all-encompassing destination for fulfilling every pillow and cushion need.

Our extensive range includes both bare and covered pillows and cushions, available in various sizes and shapes to cater to specific comfort and support requirements. With access to diverse processing techniques and markets, we are well-equipped to provide customized offerings tailored to both market trends and individual customer preferences.
